

Hello Friends and Family,

I've registered for City of Hope's Walk for Hope on October 3, 2009. Walk for Hope supports breast cancer research, treatment and education at City of Hope, an amazing place that is saving lives every day. The Walk is fun and family-oriented, and is great way to support a great cause.

I started a team to fundraise for the Walk because I want to make sure this terrible disease doesn't affect any more people than it already has. I know you feel the same.

Join me as a team member and help me achieve my goal by clicking on the link below to join my team. You don't even have to attend the event to be on my team. Register as a virtual walker and help me raise funds to fight breast cancer from the comfort of your own home.

If you can't join me as a team member, please consider donating to my Walk team by clicking on the link below for my personal fundraising page below.

Together we make a difference. Join us now!
